BE AWARE!

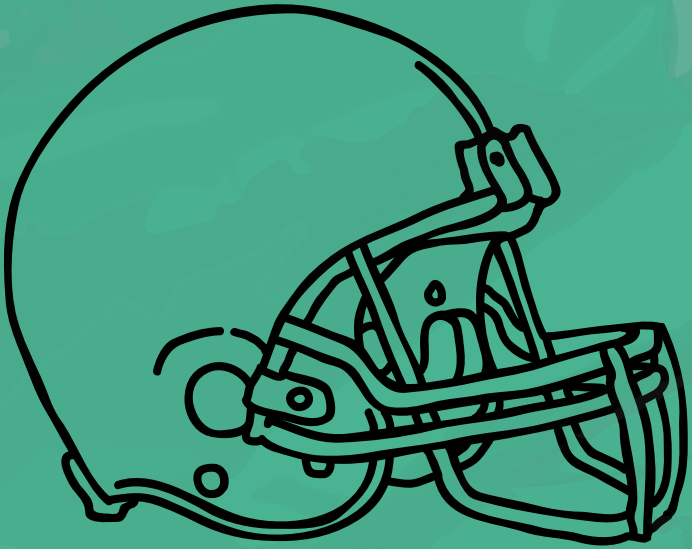

**A new California state law AB379
has been signed by Governor
Newsom and takes effect in
January 2026**

**This law punishes anyone
“loitering in any public place
with the intent to purchase
commercial sex”**

WHY NOW?

This bad law will come into effect right before Superbowl LX at Levi Stadium in Santa Clara County in February 2026 and FIFA World Cup games in both San Jose and Los Angeles in June 2026.

WHAT WE KNOW

These large sporting events are always used as an excuse to conduct 'trafficking operations, which are sting raids trying to ensnare people engaging in consensual commercial sex. AB379's vague language allows law enforcement to weaponize it based solely on an officer's determination of 'intent'

PROTECT YOURSELF

**Do you know your rights
and feel confident if
confronted by police?**
